# About Us

Creation Office Fit-outs always endeavours to uphold highest quality standards in Art, Design, Planning and Project management while strictly adhering to the ethics and best practises for the benefit of our clients.

## Mission

To be leading interior design and built company in East Africa, offering original and tailor-made solutions.

## Commitment

Always listen to our clients and swiftly respond to their current needs.

## Core Values

Innovation  
Integrity  
Passion

## Interior Architecture

Our team will help come up with desired interior architecture for space required. We will create unique spaces depending on your needs and number of personnel in the organization.

## Construction

Once interior drawings are approved, we will engage our experts in the construction stages. We will construct interior partitions in accordance with the structural engineers' note for the premises so as not to compromise with the structural strength and stability of the existing structure.

## Refurbishment

This department engages in refurbishment of spaces. We repair walls, leaking roofs, replace worn out ceiling while at the same time taking care of the electrical works arising thereof. We also re-decorate the surrounding landscapes and even build landmarks to compliment the refurbished structures.
